

PR. V. MIGONNEY (UP13) & DR. A. GALTAYRIES (CHIMIE PARISTECH/SFV) INVITE YOU TO PARTICIPATE AT
BIOMATERIALS AND BIOINTERFACES SCIENTIFIC DAY
 IN THE HONOR OF B. RATNER & D. CASTNER

23th March 2015 Amphi Friedel
Chimie Paris Tech, Paris 5^e

PROGRAMME

10:00

Pr. Buddy Ratner

University of Washington, Seattle, USA

« *New Thoughts on Using Polymers to Direct Healing and Regeneration* »

11:00

Pr. Catherine Picart

Lab. Des Matériaux et du Génie Physique, Grenoble Institute of Technology, Grenoble, France

« *Controlling muscle stem cell fate using spatially controlled mechanical and biochemical signals* »

12:00-14:00

Buffet & Poster Session

15:00

Pr. David Castner

National ESCA & Surface Analysis Center for Biomedical Problems, Univ. of Washington, Seattle, USA

« *A Multi-technique Approach to Quantifying the Surface Chemistry and Overlayer Thickness of Functionalized Nanoparticles* »
